PROFILE

Bachelor of Information Systems graduate with expertise in web development, particularly in frontend development. Have 6 months of experience building functional and responsive web applications. Additionally, have an interest and skills in designing UI/UX for both web and mobile applications, focusing on creating intuitive and engaging user experiences. Currently seeking entry-level or internship opportunities to enhance skills and contribute effectively in the field of information technology.

EDUCATION

Tarumanagara University | Jakarta, Indonesia

Aug 2019 - May 2024

Information System | GPA: 3.72

EXPERIENCE

Front End Developer Intern | PT. Ocommerce Capital Indonesia

Jun 2022 - Jan 2023

- Gained strong foundational knowledge in ReactJS and NextJS, enabling the development of scalable, modern web applications.
- Collaborated cross-functionally with backend developers to define and refine API specifications for a content management system app.
- Validated and tested RESTful APIs using Postman, ensuring data accuracy and seamless integration before frontend implementation.
- Successfully developed a video-based learning web app using NextJS.
- Performed bug fixing and troubleshooting, ensuring application functionality.

UI/UX Design Competition | IO Fest FTI Untar

May 2023

- Analyzed case studies and produced documentation to guide project development.
- Translated documentation into design plans and UI mockups.

COURSE & CERTIFICATION

Responsive Web Design Course | Coding Studio

Nov 2021

- Built a strong foundation in HTML, CSS, and JavaScript for modern web development.
- Learned and applied responsive design principles for both desktop and mobile.
- Completed a final project by creating a fully responsive landing page.
